

A Government that Worked Better and Cost Less?

Evaluating Three Decades of Reform and Change in UK Central Government

Christopher Hood and **Ruth Dixon**, both at the University of Oxford

- A major new work from one of the world's leading scholars in public administration
- An unprecedented examination of the efficiency of UK Government across more than 30 years
- Provides a distinctive framework for evaluating long-term performance in government
- Provides a comparison of UK central government with other countries, public service delivery agencies, UK local government, and Scottish government

The UK is said to have been one of the most prolific reformers of its public administration. Successive reforms have been accompanied by claims that the changes would make the world a better place by transforming the way government worked.
